COTTON TREASURE DESIGN

Turning Cotton into Treasure

by Lidia Froehler

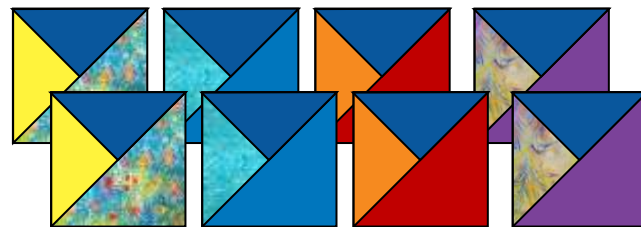

Piecing the blocks:

1. Take 1 - 4" square of Fab. # 1 and Fab. # 2 and 2 - 4" squares of Fab. # 11
Following the instruction in the Reference Guide make 4 Combination Units (CU).
Separate them into matching pairs.
2. Repeat the above process by making 3 more sets of 4 CUs using the following fabrics:
a. Fab. # 1, 3, 12
b. Fab. # 1, 4, 8
c. Fab. # 1, 5, 10
Separate them into matching pairs.
They should be trimmed to 3" square.
3. At this point you should have 2 sets of 8 CUs that are "mirror image" (Diag. 1).
Put one set aside.
Each set will make 2 stars that will have the same layout but a different look.

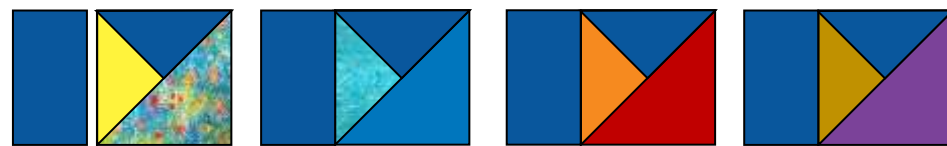

Diag. 1

4. Working with one set of CUs, separate them into two matching groups of 4 different colours.
Lay out the 4 CUs in the same orientation (Diag. 2).

Diag. 2

5. Take 4 - 1½" x 3" rectangles of Fab. # 1 and attach them to the left side of each CU (Diag. 3).
Press the seam to the rectangle.
Each section should measure 3" x 4"

Diag. 4

7. Start piecing the block by sewing together the center square and the unit on the right side (Diag. 5).
This will be **A PARTIAL SEAM**.
Start sewing from the middle of the small square (indicated by the dot) and sew to the bottom edge.
Press the seam to the CU (Diag. 6).

Diag. 8

10. Attach fourth unit to the top (Diag. 9).
Press away from the center.
Finish sewing the partial seam.
This was the last step to complete one star.
The finished block should measure 6½" x 6½".

11. Repeat steps 5 to 10 and make one more star with the same group of CUs.

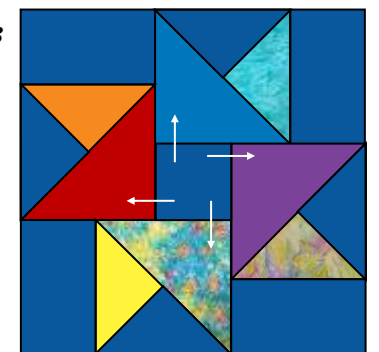

12. Get the second set (mirror image) of CUs that was set aside in step 3 and make 2 more stars.
The process of making them is the same, but instead of working clockwise you need to work counter clockwise (right side, top, left side, bottom).
Because you are working with "mirror image" CUs the star will have a different look.
Compare star "A" and star "B" to see the difference.
You will have 2 stars "A" and 2 stars "B".
